Epson Premium Luster Photo Paper Roll, 600 mm x 30,5 m, 235g/m²:

Wedding and portrait photographers have traditionally used luster paper for their photos. EPSON 238g/m² Premium Luster Photo Paper incorporates this popular surface finish, which is ideally suited to photographers adopting a digital workflow. This instant drying paper produces vivid, lifelike images that rival those of traditional silver halide prints. This media delivers highly saturated prints by offering maximum ink coverage and a high D-Max for true photographic reproductions. Its 10-mil RC base gives prints a photographic feel, and keeps the paper cockle-free. Requires 3 inch spindle - high tension recommended.
