Gloss / Semigloss Papers

Photo Glossy Paper is an instant-drying, high-gloss paper with a resin coated (RC) base. The RC base allows the paper to maintain vivid, lifelike colours that rival traditional prints. A favorite among photographers and graphic artists, its non-cockling characteristics make it ideal for photographs, promotional pieces, layouts, portfolio images, proofs, displays and posters. It creates high-quality prints by offering maximum ink coverage with brilliant colour inks that dry in an instant. This paper can also be easily laminated to provide protection from light and moisture.

SUITABLE FOR:
