

# SureColor® F1070

Business Edition Printer

**Everything you need to start garment printing—all in one box.**

**Business bundle** — includes printer, plus comes loaded with maintenance supplies and ink to create hundreds of sellable items—just add shirts and a heat press

**Professional, retail-ready prints** — create vibrant, long-lasting prints with quality far beyond homemade T-shirts

**Versatile for growth** — print directly on cotton and cotton-blend garments, or use DTFilm transfers for nearly any fabric or uniquely shaped item

**Certified safe inks** — OEKO-TEX® ECO PASSPORT and CPSIA-certified non-toxic inks ensure products are safe for all ages—from infants to adults¹

**Fast, easy setup and operation** — large touchscreen with guided animations and intuitive software make it simple for beginners to design and print like a pro

**Consistent, worry-free printing** — PrecisionCore® printhead technology with automated maintenance helps keep production running smoothly and reliably

**Compact, studio-friendly design** — a sleek, minimal footprint fits into small shops or maker spaces while showcasing the printing process to customers

**Supported by Epson** — includes a 1-year limited warranty, access to Epson support, plus optional extended service plans for peace of mind as your business grows

*Designed for use exclusively with Epson ink packs\*.*

(Service option to be determined at Epson's discretion.)

ECO PASSPORT by OEKO-TEX is a system by which textile chemical suppliers demonstrate that their product can be used in a sustainable textile production. Epson UltraChrome DG2 Ink is certified by the ECO PASSPORT. This is an international safety standard in the textile industry. It is certified to be safe for adults and children, including babies.

\* This product uses only genuine Epson-brand ink packs. Other brands of ink packs and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.

<sup>1</sup> When applied to fabric and appropriately fixed, UltraChrome DG2 Ink has passed the standards set by OEKO-TEX ECO PASSPORT. For further details on these standards, please visit [oeko-tex.com/ecopass](http://oeko-tex.com/ecopass) |

<sup>2</sup> Part of the ink from the first cartridges/packs is used for initializing the printer. Ink usage will vary considerably based on images printed, print settings, paper type, frequency of use, temperature and humidity. Variance may be more pronounced when printing infrequently or predominantly with one ink color. Ink is used for printing and printer maintenance, and all colors must be available for printing.

For print quality, a variable amount of ink remains after the "replace ink" indicator comes on. | <sup>3</sup> For the latest drivers, visit [epson.com/support](http://epson.com/support) | <sup>4</sup> For convenient and reasonable recycling options, visit [epson.com/recycle](http://epson.com/recycle) | <sup>5</sup> SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency. | <sup>6</sup> Product comes with a 1-year limited warranty with the option to purchase extended service plans up to a total of 5 years of continuous coverage. | <sup>7</sup> Expedited shipping not available in all areas. Orders must be placed and processed by 1 p.m. Pacific Time, Monday through Friday, excluding holidays. See extended service plan for details. | <sup>8</sup> Geographic limitations may apply. Service request must be received and processed by 1 p.m. Pacific Time, Monday through Friday, excluding holidays. See extended service plan for details.
