Singlepack Matte Black T549800

Epson Singlepack Matte Black T549800:

The objective in developing the UltraChrome pigment ink was to combine the long-term and short-term colour stability properties of pigment inks with the colour scale of dye inks. This new colour ink system includes light black as a seventh colour, which makes it possible to achieve softer gradations in the case of black&white printing, as well as two types of black ink, matt & photo, ensuring that optimal quality can be achieved on all media types.

Epson Singlepack Matte Black T549800. Colour ink type: Pigment-based ink, Printing colours: Matte black, Quantity per pack: 1 pc(s)
