Sturdy and tear-proof - extremely rugged as well as attractive. Fully water-resistant surface coating ‘locks in’ inks so they won’t run even if held under a tap. Instant ink drying allows immediate handling with minimal risk of scratching.

Smooth, reliable feeding through the printer - no jams or misfeeds. Fast drying time ensures smudge-free handling virtually straightaway.

Special surface coating bonds with HP inks to deliver sharp text and vivid colours. Suitable for cover reports as well as overhead presentations. Ideal for presentations which make extensive use of colour diagrams, charts and other illustrations.
