

Epson SureColor SC-S30610

DATASHEET / BROCHURE

Easy-to-use, 64-inch, 4-colour, indoor and outdoor signage printer with a low total cost of ownership and low environmental impact.

Designed from the ground up to offer efficient and environmentally-friendly production at the lowest total cost of ownership, the SC-S30610 enables print firms, signmakers, digital copy shops and repro centres to expand their service offering.

Print more

The SC-S30610 can produce everything from posters, signs, banners, backlit panels and POS to vehicle wraps, interior decorations and exhibition displays. With a wide range of roll media supported, users can reliably and cost-effectively print on vinyl, canvas, clear film, photographic paper and a range of popular banner substrates, at up to 64-inch (162.6cm) width.

Easy to use

Thanks to a jack at the rear, loading a new roll is a one-person job, and media tensioning can be controlled easily from front or back of the printer, reducing set-up time and maximising productivity.

Increase productivity

High-volume workloads are handled with ease thanks to Epson-engineered performance, reliability and ergonomic set-up. The SC-S30610 prints at speeds of 7.3m²/hour up to 29.4m²/hour, depending on mode.

Get high-quality results with new ink-set

The new UltraChrome GS2 Ink for the SC-S30610 builds on the strengths of UltraChrome GS (used in the Epson Stylus Pro GS6000) with a new yellow formulation and a lightfastness of three years outdoors without lamination*. UltraChrome GS2 is odourless, nickel-free and requires no special ventilation, allowing the SC-S30610 to be used in an office environment.

Reduce costs and environmental impact

The power-efficient SC-S30610 is ENERGY STAR-qualified, saving money and impact on the environment.

KEY FEATURES

- **Low TCO**
Reliable and efficient
- **Flexible**
Compatible with wide range of media
- **Easy to use**
Single-operator roll loading
- **Productive**
Up to 29.4m²/hr in draft mode
- **UltraChrome GS2 inks**
Odourless and requires no special ventilation

PRODUCT SPECIFICATIONS

TECHNOLOGY	
Ink Technology	Ultrachrome® GS2
Printing Method	MicroPiezo TFP print head
PRINT	
Colours	Black, Cyan, Yellow, Magenta
Nozzle Configuration	720 Nozzles black, 720 Nozzles per colour
Minimum Droplet Size	4.2 pl
Printing Resolution	720 x 1,440 dpi
PAPER / MEDIA HANDLING	
Print Margins Roll Media	Mode 1: 5 mm (top), 3 mm (right), 5 mm (bottom), 3 mm (left)
Compatible Paper Thickness	0.1 mm - 1 mm
Paper Formats	64 " (162.6 cm)
Duplex	No
GENERAL	
Energy Use	650 W, 520 W (economy), 30 W (standby), 0.6 W (Power off)
Supply Voltage	AC 100 V - 240 V, 50 Hz - 60 Hz
Product dimensions	2,620 x 1,259 x 1,311 mm (Width x Depth x Height)
Product weight	219 kg
Noise Level	Operation: 59 dB (A) - standby: 7.4 dB (A)
OTHER FEATURES	
Memory	Printer: 512 MB, Network: 128 MB
OTHER	
Compatible Operating Systems	Mac OS 10.4+, Windows 7, Windows 7 x64, Windows Vista, Windows Vista x64, Windows XP, Windows XP x64
Interfaces	USB 2.0 Type B, Ethernet interface (100 Base-TX / 10 Base-T)
LCD AND MEMORY CARDS	
LCD screen	Type: Colour, Smart-navigation touch-panel, Diagonal: 6.3 cm
